

Class Number Two

***DYEING ROVINGS AND FIBERS WITH
MOTHER MACKENZIE'S DYES**

Lonna Alexander-Steele

Date... Time...

Cost: \$ 50 Plus \$25 materials fee

Materials fee covers approximately 1 lb. various fibers and blends, use of dyeing equipment, handouts, and dyes used in the class.

Maximum number of students : 15

Using Mother MacKenzie's Acid Dyes, this class will focus on techniques used to produce color safely on fibers and rovings without felting or damage to the fiber. We will explore what happens when the base fiber is not white, low water immersion dyeing, microwave dyeing, and crockpot dyeing. Dyes will be in dry form and in pre-mixed liquid form for this class. Students will receive a variety of fibers and rovings and are encouraged to bring items from their own stash.

Student materials list : Old clothes or an apron, good rubber or nitril gloves, note taking and labeling materials, plastic bags to transport damp fibers and roving and fiber from their stash for dyeing .

Note: Student minimum would be 7
